# ABOUT US

Blind Designs' products have been used in South African Windows for over 30 years. During that time over half a million Blind Designs' blinds have been successfully installed into South African windows. The focus of the product range has always been on producing the best possible blinds to make your windows and décor look great.

Through the years Blind Designs' products have always remained true to the same ideals. Products must be:

- Decorative by nature.
- Of the best quality materials.
- Innovative, representing the newest available technology.
- A reflection of the current colour and design trends.
- Durable - to outlast our harsh environment.
- Sold, delivered and serviced in a quality fashion.

To maintain these ideals Blind Designs maintains a close relationship with South Africa's top Interior Decorators and Designers in order to ensure that our products reflect the latest trends and fashion.

The essence of a Blind Designs' blind is that it looks good, offers enough diversity to reflect your personality and style and provides excellent function for years to come.

Blind Designs' products are only distributed through a selected network of Decorators, Designers and Retailers. Our appointed distributors offer the experience and expertise to ensure your blind compliments your space and décor.

Blind Designs Blinds are of the highest quality. We back that belief with a comprehensive two-year warranty. Should you encounter any unexpected problems with your Blind Designs product, we'll take care of the repairs and, if necessary, find replacement parts

Blind Designs & Interiors CC warrants that blinds will be free from defects in materials and workmanship for a period of two years from date of purchase, provided that:

- such products were properly installed in residential dwellings, and
- such products were made or assembled exclusively from Blind Designs materials and components, and
- Blind Designs recommendations were followed with regard to limitations and specifications.

Slight warpage, as well as natural variations in colour and grain effect, are normal with a wood product and are not considered defects. In addition, some fading and/or discolouration of the finish may occur over time. This is common with man-made coatings and is not considered a defect.

The obligation of Blind Designs and its distributors is limited to the repair or the replacement of blinds or components found to be defective and excludes shipping or transport charges and labour costs for measuring and installation. Repairs will be made with like similar parts.

To obtain warranty service, contact the dealer from whom your product was purchased. The dealer will work with Blind Designs to repair or replace any defective parts or components promptly without charge.

Warranty claims must be accompanied by proof of purchase, as well as details regarding the nature of the problem, location of the blind, etc.

This warranty does not include any conditions or damages resulting from accidents, alterations, misuse, abuse, exposure to the elements, excessive humidity, motorised devices, or failure to follow our instructions with respect to measurement, installation, cleaning or maintenance. In addition this warranty does not cover any condition or damage resulting from the removal of the blind and reinstallation in the same or another window.

80% of all raw material waste is recycled.

A percentage of all profits generated will be distributed to community projects.

This product is designed and assembled in South Africa.

# WOOD VENETIAN BLINDS

- The premium blind solution
- For a modern, uncluttered look
- Control light & privacy

**DuraCoat**  
the premium finish

The Wood Venetian Blind is the premium blind solution that is versatile and perfect for creating a modern, uncluttered look in your home. The wide 50mm slat and variety of colours will make your windows a fantastic feature of your décor. The Dura-Coat and UV resistant finish will allow you peace of mind that your blind will still maintain its good looks in years to come.

Whether you choose to tilt the slat and control your light or lift it completely to appreciate your view, the blind is bound to complement your décor.

- Versatile
- Simple to use
- Modern and uncluttered

The 35mm Aluminium Venetian Blind is an incredibly versatile product, perfect for creating a modern uncluttered look in your home. Simple to use controls make them ideal for filtering the light or ensuring privacy.

Lift the blind or tilt open the slats and the blind draws in the daylight. The wider than normal slat and quality finish makes for a blind that will last and complement your home décor.

# ROLLER BLINDS

- Simple and stylish
- Easy to operate
- Wide range of fabrics and textures

The Roller Blind is simple in design, stylish and easy to operate. The blind can be rolled up or down to achieve the required level of shading. A wide range of fabrics and textures ensures a match for any décor, whether it is one of our urban designs for your living room or a blackout fabric for your bedroom.

Personalise your roller with a choice of accessories including; scallops, decorative tassels, decorative poles with finials, flowers, braid or a Half Round Valance and co-ordinate with your interior design scheme.

# SHEERWEAVE BLINDS

- Simple yet beautiful
- Adds a subtle texture
- Manages the sun's heat and glare

Phifer  
**SheerWeave**  
BRAND FABRIC

With a whisper of light and colour, SheerWeave Blinds are the perfect complement to any interior décor. The simple yet beautiful weaves of SheerWeave fabrics add a rich subtle texture without taking away from the overall interior design scheme. The sun's heat and glare can be elegantly managed and accomplished with SheerWeave interior sun control fabrics.

The light-filtering qualities diffuse light, reduce glare and help control solar heat build up to make any room a more comfortable environment. While lighter coloured fabrics reflect light and illuminate the interior with just the right amount of light, darker fabrics provide a superb view of the outside and absorb light making them ideal for viewing computer and television screens.

## Sheerweave 3000

### Average openness 14%

A combination of vinyl-coated fiberglass and polyester yarns, Style 3000 is an elegant and exquisite shading fabric. Available in 6 colors, Style 3000 is ideal for roller shades, Roman shades and Sliding Panel Blinds.

### Solar Optical Properties:

Fabrics installed internally thirty-degree profile angle

| Style No. | Colour        | Solar Optical Properties |    |    |    | Shading Coefficient |        |
|-----------|---------------|--------------------------|----|----|----|---------------------|--------|
|           |               | Ts                       | Rs | As | Tv | 3mm CL              | 6mm CL |

## Sheerweave 4650

### Average openness 3%

Using thin polyester yarns and a unique twill weave, Style 4650 is easy to fabricate and offers a distinct two-sided appearance that maximizes both visibility and solar heat reduction. Style 4650 can also be used in exterior roller shades.

### Solar Optical Properties:

Fabrics installed internally thirty-degree profile angle

| Style No. | Colour   | Solar Optical Properties |    |    |    | Shading Coefficient |        |
|-----------|----------|--------------------------|----|----|----|---------------------|--------|

|           |          |                          |    |    |    |                     |        |
|           |          |                          |    |    |    |                     |        |

Microban® antimicrobial protection inhibits the growth of stain-causing bacteria, mold and mildew on the shade.

## Sheerweave 4500

### Average openness 5%

Using advances in polyester yarn development, Styles 4500 is thinner and lighter weight, allowing for ease of fabrication. 4500 is a full basketweaves, making it ideal for applications that require a more opaque and non-directional fabric. Style 4500 can also be used in exterior roller shades.

### Solar Optical Properties:

Fabrics installed internally thirty-degree profile angle

## Sheerweave 5000

### Average openness from 5-10%

Phifer's SheerWeave Style 5000 Jacquard line, woven with diverse textures and rich colors, was inspired by nature and created to take the function of sun control fabrics to a whole new level. Interweaving shiny and lustrous translucent yarns, the Contemporary Collection brings a sleek, modern look to the Style 5000 line, while the Natural Collection features fabrics that combine rich, textured yarns with traditional patterns. The Style 5000 line is available in a range of patterns and an array of colors, offering both classic and modern options designed to suit any style of decor or personal preference. Style 5000 can also be used in exterior roller shades.

- Elegant combination of texture and function
- Contemporary décor
- Bold personality

A blind with a distinctive aura, the Roman Panel Blind is on the cutting edge of innovation. The blind mixes the sharp lines of contemporary bold personality when down, with its distinct horizontal divisions, and raises to a distinct presence when lifted occupying a portion above or in your window.

Available in a seductive range of block-out and light filtering fabrics the Roman Panel Blind provides another exciting option in decorating your space.

# SLIDING PANEL BLINDS

- Elegant and bold
- Makes a décor statement
- Panels of fabric or bamboo

The Sliding Panel Blind is an elegant and bold shading solution for larger windows and patio doors and may be used as a room divider. The blind encompasses large panels of fabric or bamboo which stack neatly behind one another when open, allowing maximum light while radiating maximum style. To control light, reduce glare, increase privacy and make a décor statement simply slide the panels to the required position.

Organza Chocolate

- High impact window dressing
- Strong contemporary lines
- Extra insulation in Winter

This high impact window dressing looks great in any window. The contemporary, strong lines of the 50mm pleats provides a clean and elegant look that opens up new decorating possibilities for the modern home.

There is minimal stack height when the blind is up for even greater light control during the day, and then when down the Apex fabrics look absolutely stunning. Apex blinds provide superior sun protection in summer and extra insulation in winter.

# OUTDOOR BLINDS

- Durable exterior finishing
- Modern contemporary design
- Maximum use of your patio

The Outdoor Blind is the modern alternative for your patio. The hi-tech fabrics manage heat and glare on your patio while maintaining the view. Lower and raise the blind using a removable crank handle or motorise your blind. The blind is secured at the bottom using a choice of hold down clips, which allows the blind to remain down during windy weather. You can also select a Channel X Blind that is fully enclosed on the top and sides or a Wire X system that supports the side of the blind.

The Outdoor Blind will allow you maximum use of your external entertainment areas by stopping heat and glare and also providing a degree of weather protection and maintaining your view.

# MOTORISED BLINDS

- At a click of a button
- Control your blinds
- 220V and battery options

**somfy**

The future is here. At a click of a button you can raise or lower your blind to the selected position to allow for optimum filtering of light and privacy. Control your blinds individually at the flick of a button or control all your blinds simultaneously. Radio Frequency technology means that no line of sight is necessary to control your blinds so you do not even have to be in the same room.

Install a timing device and you can raise and lower groups of blinds at certain times or control your blinds with a sun or temperature sensor activated by light or heat. Available on Roller Blinds, Wood Venetian Blinds, Retro Venetian Blinds, Roman Bamboo Blinds, Roman Panel Blinds and Outdoor Blinds.
